COMING "Charley's Aunt"

THE FUNNIEST
MOTION PICTURE
EVER MADE

LOCAL AND PERSONAL.

Hondo Radio Fans will be privileged to hear an artist from their own town over the radio next Wednesday night. Miss Irene Saathoff will play the violin. Besides the pleasure this talented musician's violin selections always affords music lovers, this occasion will have the added interest of being rendered on a violin designed by and constructed under the personal direction of Mr. Augustus C. Rothe, a former D'Hanis boy but now a popular music teacher of the Alamo City. A treat surely awaits those who hear this program.

Leo Bohl was up from Devine Wednesday and was a business caller at this office while here and moved up his dates for the Anvil Herald and FARMING another notch. Mr. Bohl is breeding both the Berkshire and the Hampshire breeds of hogs and has just recently sold several registered animals at good prices. Mr. Bohl says that the demand for hogs is picking up due alike to the scarcity of the animals and the low price of corn in the corn belt, and he regrets that he hasn't a larger stock on hand.

Mrs. Ben Langfeld died last week in San Antonio and was buried in that city Friday. She was a San Antonio girl, but her husband is a D'Hanis boy. We regret that we have not a more extended report.

Mr. and Mrs. Harry Crouch have purchased the Thomas cottage from Joe Ney, and quite a number of other transfers of property are pending as a result of the new oil developments near town.

Mr. and Mrs. A. C. Leske and little son, Alvin Charles, came out from San Antonio Sunday to bring out Mrs. Leske's father, Mr. Aug. Kempf, who had been their guest for three or four days.

The High School Boys' basketball team, accompanied by a number of rooters, went to Yancey Thursday evening and were victorious over the Yancey team to the tune of 6-4.

WANTED—About 800 or 1000 cows to sell on commission. Must be Durhams, Herefords or Red Mulies. August Bilhartz, Pearsall, Texas. 27-4tpd.

Mr. and Mrs. Roland Gaines and children returned Sunday from a several days visit with Mrs. Gaines' sister, Mrs. Jim Powers, in San Antonio.

Mrs. Fletcher Davis and daughter, Miss Anne, spent Tuesday in San Antonio with Mrs. Louis Scherrer and Mrs. I. E. Isom.

CHAMBER OF COMMERCE.

At the Chamber of Commerce meeting held last Saturday night, the soliciting committee reported progress on raising the proposed road fund but the necessary amount had not been secured. Several volunteers tendered their services to assist the committee and all will report back to another meeting tonight.

In the matter of election of Directors for the Chamber of Commerce, it developing that no election was held last year and that there were therefore six members of the board to retire, all six were on motion re-elected.

This business transacted the meeting recessed until tonight when it convenes to hear the further report of the soliciting committee.

The members of the Board of Directors met at the Chamber of Commerce hall Monday afternoon at four o'clock, all members save one being present.

Messrs. Felix Batot, W. N. Saathoff and H. F. King being the hold-over members of the board, on motion duly carried J. M. Finger, Will Holloway and C. J. Bless were assigned to the two-year terms and Isaac Wilson, Garland Martin and Fletcher Davis to the three-year terms.

FORTY-TWO CLUB.

Mesdames Jack Forgason, Garland Martin and Sadie Hutzler were hostesses to the members of the Club and a number of invited guests on Thursday afternoon.

Hondo was favored with a visit from a party of Southern Pacific Railway officials last Thursday. They came to investigate Hondo's oil prospects and the conditions at the Ina Oil Field so as to determine just what is needed for handling the Southern Pacific's share in the traffic being created by the oil developments.

They were well pleased with the outlook and are confident that a real oil field is being developed, and they propose to see to it that the S.P. will give the needed service as the traffic develops.

The personnel of the party was C. R. Morrell, Superintendent Southern Pacific Lines; W. N. Mann, Assistant Superintendent; and C. R. Maxwell, Train Master, all of the El Paso Division, El Paso, Texas.

BIRTHDAY SURPRISE.

On Wednesday, January 13th, the children of Mr. and Mrs. H. H. Balzen surprised Mrs. Balzen on her 65th birthday. RESOLUTIONS OF RESPECT IN
MEMORY OF MRS. PHILLIP-
PINA KEMPF, DECEASED.
District Court of Medina County,
Texas, Special Term of
January, 1926.
The Honorable R. R. Burney,
Judge of Said Court:
We, the committee, appointed by
the Honorable Court to draft res-
olutions of respect to the memory
of Mrs. Philippina Kempf, de-
ceased, beg leave to report as follows:
Mrs. Philippina Kempf, (nee
Kempf), wife of August Kempf,
Clerk of the District Court of
Medina County, was born at Cas-
tle, Texas, on November 12th,
and departed this life at her
home in Hondo, Texas, on the 25th
of November, 1925, since the
commencement of the Fall term of
Court, aged 64 years, leaving
behind her only surviving son, her
husband, her beloved husband, and
her child, Mrs. Mary Leske of San
Antonio, Texas.
HEREAS, during the last sev-
eral months of her earthly career,
Mrs. Kempf, though surrounded by
the loving care and tender devo-
tion which could be humanly de-
voted to her husband, family and friends,
attended by every artifice of
modern science, suffered almost
continuously from an incurable malady,
yet through all exhibited her
calm cheerful disposition and
remarkable fortitude that has
been the admiration of the
community and the admiration of her gen-
eral friends.
HEREAS, God, who presides
over the destinies of the Universe as
the Supreme Judge of the destinies
of men and of Nations, has deemed
it expedient in his infinite
wisdom and in pursuance of his un-
derstanding to summon Mrs. Kempf
to her couch of earthly suffering
and to receive the Divine
reward allotted to those who have
lived the life of the Merciful and
Rewarding God; now therefore,
IT IS RESOLVED: That in the
presence of Mrs. Philippina Kempf,
deceased husband has lost the
blessings of the companion-
ship and love which she so generous-
ly bestowed upon his life and the
loss reaped from a source so
valuable no substitute may ever
replace the irreplaceable veil;
her daughter has lost the beau-
tiful companion and example af-
forded by a Mother; that others
in family and her friends have
lost the shining light of a splendid
life that hovered over and
inspired all; that her town, this
State and our Country
have lost a citizen of distinction, a
woman of unbroken Queen of
whom no tribute of ours
can properly describe; that we bow
in grief with the loved ones here,
in manner making manifest to
all the loss we feel, assured
that Heaven's enrich-
ment upon the promise of that
from God's own word we
under our sympathy to her
and submit to them the
only consolation suf-
ficient to assuage their grief and
therefrom the shining light
with more and more unto the
day when dawn the glory
of resurrection when all shall
be united and loved ones join
to never again to part.
FURTHER RESOLVED:
That the resolutions be spread up-
on the minutes of this Court, that
thereof be furnished the fam-
ily of the deceased, and that a copy
be submitted to the Hondo Anvil
with request that same be
published as notice thereof to the
community.
FURTHER RESOLVED:
That the Court adjourn for this
purpose be considered as adjourn-
ing the previous Order of this
Court with respect to the memory of
Mrs. Kempf, and from sympathy of
the community and Bar of this Court
the beloved Clerk, August
Kempf, who has so faithfully and
tendered valuable service
to the County and State as a public
officer for many years.
Fully and sincerely sub-
scribed and sworn to this the 11th
day of January, A. D. 1926.

**PARENT-TEACHER ASSOCIA-

The Parent-Teacher Association
met Monday afternoon of last week
in their regular monthly session.
The announcement of \$18 profit
from the picture show, "Rose of the
World," and Treasurer's statement of
\$145 in the treasury were about the
only financial reports.
Committees to see about clearing
the school grounds, repairing the
play equipment and putting up
traffic signs were appointed.
The grades seem to have been al-
most uniformly represented by
four mothers, so Miss Lewis was given
the banner for her room as she
alone represented it—to encourage
future attendance as it were.
Mrs. Isaac Wilson served delicious
raisin and nut pie, garnished in whip-
ped cream, with hot tea, to about
45 guests. Mrs. Wilson was assisted
by Mesdames O. A. Fly, John Finger,
Jack Fuselman, E. H. Frerichs, Jack
Ferguson, C. R. Gaines, C. W. Gil-
liam, Roland Gaines and Henry Mc-
Call.

GET AT THE CAUSE!

Many Hondo Folks Are Showing How to Avoid Needless Suffering.

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day alike, the sufferer is tormented and what with the burning and scalding, the attendant backache, headache and dizziness, life is indeed a burden. Doan's Pills—a stimulant diuretic to the kidneys—have brought peace and comfort to many Hondo people. Profit by this Hondo resident's experience:

Joe Huesser, says: "I suffered with my back and my kidneys bothered me a great deal. I had knife-like pains in my kidneys every time I moved. I had to get up nights on account of the irregularity of my kidneys. The secretions burned in passage and were highly colored. A friend told me of Doan's Pills so I used them and they cured the attack."

Don't Neglect That Stubborn Hacking Cough

It is not only dangerous but entirely unnecessary to let a persistent, hacking cough rob you of sleep and strength. For through a very simple treatment you can get almost instant relief, and very often break the most stubborn cough completely in 24 hours.

This treatment is based on the famous prescription known as Dr. King's New Discovery for Coughs. You simply take one teaspoonful at bed-time and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly removes the phlegm and congestion which are the real cause of night coughing. So the coughing quickly ceases and you sleep right through undisturbed.

Dr. King's New Discovery is for coughs, chest colds, sore throat, hoarseness, bronchitis, spasmodic croup, etc. Fine for children as well as grown-ups—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general health tonic to the whole system. Nature will then throw out or digest the worms, and the child will be in perfect health. Pleasant to take. 75c per bottle.

BODY OF AGED MAN FOUND NEAR ZIGZAG.

The body of the aged stranger of whom we spoke briefly last week, was found dead late Sunday afternoon in the old DuBose field, about two hundred yards in front of the Primitive church, at Zigzag, by a farmer on an adjoining farm, who reported the matter to officers, here, Justice Hardeman, Attorney D. C. Brown and Deputy J. A. Crawford went out, held an investigation and brought the body to town, and finding it in rather bad condition buried it the same night.

REPORTS SAY SIXTEEN NEW DERRICKS TO GO UP.

Oil scouts are here almost every day, and rigs are going through, indicating activity. The San Antonio papers say that some of the biggest operators are locating in that city ready for the opening up of a big field in the San Antonio territory, and mention Medina county, as one of the best prospects for 1926. It was said on the streets of Devine this week that sixteen derricks are to go up soon on the Medina field. We heard of several, and mention two or three elsewhere in this issue. We are looking for big development here soon. Rumor says the Chicon Lake field will get several of them.

MOVING STAR RIG HERE FROM LOCKHART FIELD.

Tom Garrett, of New Mexico, related here, who has been operating a shallow field Star drop rig in the Lytton Springs field, was here this week again, having spent Christmas here, and secured contract to drill a well west of the Hondo, on the Nixon tract, we believe. He will secure a house in town, move his mother here, and be ready for work in a few days. Quince Garrett, whose family moved here some time ago, from the S. P. road, will be one of his helpers, we are informed. Mr. Garrett says he brought in some of the best wells in the Lockhart field, and did the work in just a few days. He hopes to put down a lot of wells this year. He is operating with Witherspoon. It is rumored that the Magnolia will also put down a number of wells this year.

REPORT TWO WELLS TO BE SUNK BLACK CREEK.

It was reported here Sunday, and mentioned by our Biry correspondent, that two wells are to be sunk soon on the Pete Schmidt farm on Black Creek. Whether this is reliable information, we do not know, as some think it may have been a promise to secure further time on lease. We hope it is authentic and that the derricks are soon going up. It is getting interesting over that way. We were told last fall that a well was to start at once on the DuBose farms, lower down; but the leases have been renewed and no well started yet. These farms are in almost direct line between proven parts of the field.

Farmers Saturday were arranging for a car of corn through Adams Co., we believe, and it will cost them about \$1.05 laid down in Devine. Mr. Keller is highly pleased with prospects for corn crop this year and a good price. The government has decided to try to stabilize the price of corn for the farmers many of whom have gone broke in the corn belt, we are told, as well as the smaller banks that sought to help them.

DIRECTORS ELECTED IN IRRIGATION DISTRICT TUESDAY.

The regular annual election for the election of five directors for the Bexar-Medina-Atascosa Counties Water Improvement District Number One, was held Tuesday in the three voting places, at Chicon Lake, Benton and near Macdona, in the three counties, at which the old board which was elected in the beginning, were re-elected, Ernest L. Brown, T. S. Lawrence, B. F. Brewer, W. R. King, and R. U. Atkins. Mr. Brown has been president for the board, Mr. Lawrence, secretary, and Mr. Atkins, general manager. There will probably be no changes, as this is the first regular annual election since the organization, and the company is just now getting in good way for development. The election box is at Chicon Lake, near the center of the District, but smaller parts of the lands are in Atascosa and Bexar necessitating election boxes being opened in those counties.

REMAINS BURIED HERE.

The remains of Mrs. Caroline Bowman, age 81, who died at the home of her daughter, in Dallas, January 4th, arrived in Devine, January 6th, accompanied by her son, Otis, and other members of the family, and after being taken from the train to the home of her son, W. H. Bowman, of this place where it was viewed by old friends and acquaintances, was taken in the afternoon to the Christian church, where she had been a faithful member, and in the presence of the relatives and friends services were conducted by Elder J. S. Newman of San Antonio. She had been the mother of thirteen children, eleven surviving, of whom are W. H. Bowman, of Devine, and R. M. Bowman, of San Antonio; Otis Bowman, of Fort Worth, Geo. and Sam, of New Mexico; and Marion and Edward, whose home we did not learn, one daughter in Dallas and one in San Antonio. The family was one of the first that settled in Devine. The father died here in 1913 and the family became scattered.

County Attorney D. C. Brown and others attended the special session of District Court in Hondo this week, where we understand the highway muddle of Medina county, and some nonjury matters were up for consideration before Judge Burney.

Dr. R. P. Thomas and other parties of San Antonio were in our office Saturday looking for a portable notary public to go out towards Hondo where some leases were changing hands. This office was too busy inside to furnish the doctor with a notary.

MR. THOMAS H. ESSARY.

Thomas H. Essary, 71, died at his home in San Antonio, Monday, and the remains accompanied by many relatives and friends from that city, were brought here Tuesday and entered at the Upper Black Creek cemetery, Rev. H. S. Ball of that city conducting the funeral.

TEXAS COMPANY BUYS LEASES IN MEDINA COUNTY.

Texas Company, for a consideration of \$22,000, has purchased 420 acres of leases in the Ina field district in Medina County from the Rydall Oil Corporation. The purchase follows close on the heels of the purchase a few days before by the Magnolia of 320 acres from the Ina Oil Company with five producing wells for \$50,000. There is no production on the leases bought by the Texas and the acreage is not as centrally located as that bought by the Magnolia.

Three 40-acre tracts purchased by the Texas from the Rydall are in the 1,000-acre P. E. Durst Survey No. 15, and the discovery well of the field was brought in near the center of that survey. The rest of the acreage is located to the west. Texas Company already owned 220 acres out of the P. E. Durst Survey No. 15, prior to the purchase from the Rydall. No immediate plans for drilling have been announced by the Texas, but the Magnolia will start drilling as soon as possible.

Golden West Oil Company has completed its No. 1 and had 20 feet of shale and sand below which was 46 feet of sand. The well looks like it would make as good a well as any in the field. It is washed and the production which at first gauged at the rate of 24 barrels is increasing.

Eastham & Tarver have spudded in their No. 2 Viola Wilson, which is 300 feet west of their No. 1. Golden West, has the derrick up for its No. 3 Regina Schmidt, 300 feet west of its No. 1, and 300 feet north of Eastham & Tarver's No. 2 Viola Wilson, and will move in rig at once. Golden West is completing a central pumping plant, and will continue to develop the entire lease. Witherspoon has his derrick up on the Nixon and will have a rig moving in soon.—Thursday's Express.

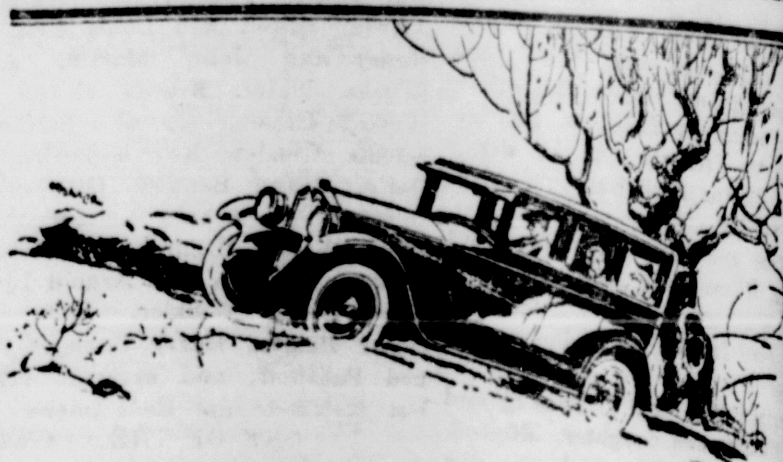

DEEP TEST ON ADAMS LAND SPUDED IN THURSDAY.

Henderson & Holden, represented locally by W. H. Snyder, spudded in

the No. 1 Adams in Medina County Thursday morning with cable tool and will set the first string of casing 8-inch at 1,000 feet. Large casing at that depth will permit them to make a deep and thorough test. The well is one that is of more than ordinary interest since it is a territory south of the Ina field where some wells have had show and many believe there is a substantial condition that indicates possible oil production, especially at the levels. The well will be known as the H. & F. Adams No. 1. It is located 2200 feet just west from Adams ranch house and is about a mile south of the old McBride well. It is located on east bank of Hondo river.

Tools were started out a month or so ago and a quantity of casing was assembled so that everything is in readiness now for a deep test.—S. A. Express.
